

FILL YOUR TANK WITH **ENERGY SAVINGS**

Get instant rebates on high-efficiency
water heating equipment

The Statewide Midstream Water Heating Program can put reliable, energy-efficient water heating within reach for any size business, helping reduce your monthly energy use and operating costs by up to 15 percent*.

How can high-efficiency water-heating equipment energize your facility?

– PROFITABILITY

Can help reduce monthly energy costs.

– RELIABILITY

Newer equipment can help lower the risk of downtime and reduce maintenance costs.

– PRODUCTIVITY

Energy-efficient equipment can contribute to a comfortable and productive environment for staff, guests and tenants.

Save instantly with point-of-sale rebates on qualifying high-efficiency equipment, including:

- Natural gas storage water heaters
- Natural gas tankless water heaters
- Commercial boilers
- Heat pump water heaters
- Recirculation pump timers
- DHW pump demand controls

For more information on qualifying equipment, eligibility requirements, and participating distributors visit statewide-waterheating.com or email statewide-waterheating@dnv.com

Rebates available to commercial customers of SoCalGas®, San Diego Gas & Electric Company (SDG&E®), Pacific Gas and Electric Company (PG&E®) and Southern California Edison Company (SCE®), for qualifying high-efficiency water heating equipment installed at their facilities.

The Statewide Midstream Water Heating Program is funded by California utility customers and administered by Southern California Gas Company (SoCalGas®) and supported by the state's other investor-owned utilities, San Diego Gas & Electric Company (SDG&E®), Pacific Gas and Electric Company (PG&E®), and Southern California Edison Company (SCE®) under the auspices of the California Public Utilities Commission. Customers who choose to participate in this program are not obligated to purchase any additional goods or services offered by DNV Energy Services USA Inc. or any other third party.
